CHAPTER 11

FEDERATED LIBRARY SYSTEM

Sec. 11-1. Federated library system - Established.

There is established a federated public library system in conformance with section 43.15(4)(a) of the Wisconsin Statutes.

(Res. No. 135-10/80, 10-28-80; Mo. of 4-17-84, as amended, Rule 27)

Sec. 11-2. Same-Board.

(a) There is a federated library system board.

(b) The county executive shall appoint the board in accordance with section 43.19(1)(a) of the Wisconsin Statutes. The seven (7) members of same shall include:

1. At least (3) members shall be active voting members of the library boards governing public libraries of participating municipalities and at least one of these shall be a member of the library board governing the resource library.
2. Three (3) members selected from municipalities without public libraries.
3. Of the seven (7) members, at least one, but no more than two (2) county supervisors shall at all times be included in the system board membership.
4. Members shall be appointed for terms of three (3) years. Each system board member may serve no more than two (2) consecutive three year terms of office.
5. The provisions of section 7-94 shall apply to members of the board.

(c) The federated library system board shall perform its duties according to section 43.19 of the Wisconsin Statutes and the county board rules of order.

(Res. No. 135-10/80, 10-28-80; Res. No. 216-3/84, 3-27-84; Mo. of 4-17-84, as amended, Rule 27; Ord. 154-130, 4/11/00)

Cross reference - Boards and commissions generally, § 4-95.

Sec. 11-3. Same-Director.

The director of the federated library system shall have the duties and responsibilities, qualifications, training and experience as prescribed in the job specification on file in the office of the county clerk.

(Ord. No. 143-168, 3-30-89)

Sec. 11-4. Same-County tax levy.

(a) *Purpose.* The total county library tax levy for provision of funds for public library service shall be the nonresident cost and shall be levied in accordance with section 43.64, Wisconsin Statutes.

(b) *Definitions.* For purposes of this section:

1. *Nonresident ratio of use* shall mean the percentage obtained by dividing the total circulation of library materials to residents of county communities without libraries by the total circulation of library materials.
2. *Resident* shall mean a Waukesha County resident living in a county public library community.
3. *Nonresident* shall mean a Waukesha County resident living in a community without a public library.
4. *Crossover circulation* shall mean the borrowing of library materials from a Waukesha Federated Library System library by residents of another Waukesha Federated Library System library community.
5. *Revenues* shall mean user fees and fines collected and any revenue received by a local library from the federated library system board or any other governmental source, except levy funds collected by the county and distributed by the county federated library board in accordance with this section.
6. *Net allowable expenditures* shall mean all library budgeted expenditures except expenditures for the purchase or lease/contract of fixed assets as defined in Section 7-99.
7. *Current budget* shall mean the sum of all system library budgets adopted by the individual system library boards for the year in which the levy is imposed.
8. *Fixed assets* shall mean assets that are tangible, have a life greater than one year, and individually cost more than \$5,000.

(c) *Formula.* The tax levy imposed upon county municipalities without libraries shall be determined by subtracting from the current budget, which has been adjusted for actual year expenditures and revenue, the revenues received to arrive at a net allowable expenditures amount which is then multiplied by the nonresident ratio of use figure. If the federated library system board allocates state funds to local libraries for crossover circulation costs, then state funds allocated for such purposes shall be excluded from the definition of revenues in this section. The current budget is the aggregate budget of all member libraries. The nonresident ratio of use figure is the aggregate total countywide.

1. Adjustment for actual year expenditures and revenues shall be made by calculating the sum of the difference of actual year end figures for allowable expenditures made and revenues received and either reducing or

increasing the current year budget adopted by the system member library boards accordingly.

2. Distribution of funding. When distributing the funding generated by the county, the system will use the Best Fit formula elements as outlined in the current and adopted Waukesha County Library Services Plan.

(d) *Determination of materials circulation.* By July 1 of each calendar year, federated system staff shall determine the percentages of library materials circulation the previous calendar year for non-resident, resident and crossover circulation. Circulation reports shall be approved by the federated library board and used for the current year levy calculations and the following year's budget distributions.

(e) *Exemption from County library levy.* In order to be exempt from the county tax pursuant to sections 43.11 and 43.12, Wisconsin Statutes, a municipality must achieve compliance with the minimum standards adopted by the Waukesha County Board in the Library Services Plan. When member libraries claim exemption from the county levy, they agree to recognize state standards as prescriptive measures to encourage quality library services and agree to comply with all numerical standards as adopted by the Waukesha County Board in the County Library Services Plan.

Any community that applies to exempt itself from the county federated library tax levy after establishing a new library either as a municipal library or as a joint library as defined in Chapter 43 of Wisconsin statutes must meet the four numerical standards before receiving said exemption. At the end of three years of operation, it may use the alternate standard indicated in Section 11-5 of the Code.

(Ord. No. 144-109, § 2, 9-7-89; Ord. No. 155-59, § 4, 10-10-2000; Ord. No. 158-24, §1, 06/10/03)

Editor's Note - Effective date of section is 01-01-2002.

Sec. 11 - 5. Alternate qualification for exemption.

(a) Any library in the system shall qualify for exemption from the County library tax levy if it meets the library service effort ratio, as established in the following paragraph, even if it does not meet the four numerical standards noted in this chapter.

(b) The Library Service Effort Ratio.

1. Home Community shall mean, for the purpose of calculating the Library Service Effort Ratio, all individuals residing within the geographic boundary of a municipal or joint municipal library community.
2. Other Library Community shall mean, for the purpose of calculating the Library Service Effort Ratio, all residents of municipal or joint municipal library communities within the County that are not part of the home community.

3. Library Services Effort Ratio (LSER) shall mean items lent by a library to home community residents plus items lent by a library to other library community residents divided by total items borrowed by that community's residents at all libraries in the county.

Population groupings and target ratios for LSER are defined as follows:

- | | |
|----------------------------|-----|
| A. Under 10,000 population | 80% |
| B. 10,000 to 29,999 | 90% |
| C. Over 30,000 | 95% |

(c) The federated library system will use the Library Services Effort Ratio as follows:

1. Library communities would use the ratio to determine if there are deficiencies in material offerings or service provision.
2. Ratios would be monitored on an annual basis and be used as a tool to assist communities in serving their residents' needs.
3. If a community is below the suggested service level ratio, the library will need to take specific action to pinpoint the problem area.
4. The library will work with the Federated System to identify the problems and develop a course of action to improve the service ratio.
5. The system will work with local libraries that do not meet the standard and devise a program that would enhance service and improve the ratio. These discussions may lead to greater investment in library services on the part of the library community.

(Ord. No. 155-59, § 7, 10-10-2000.)

Editor's Note - Effective date of this section is 01-01-2002.

Sec. 11 - 6. Exemption from County Tax Levy for Library Funding.

(a) Each Waukesha County municipality which seeks exemption from the county library tax shall, no later than September 30 of each year, submit a written application to the Waukesha County Federated Library System director, in a form approved by that director.

(b) Each application shall be supported by a duly enacted ordinance or resolution of the governing body of the municipality submitting the application and shall represent that the municipality will appropriate, for library operational expenses, at least the amount determined by applying the calculation of section 43.64(2), Wisconsin Statutes.

(c) Upon receipt of a properly submitted application, the Federated Library Director shall forward the original application to the County Board, with copies to the County Clerk and the Department of Administration director.

(Ord. No. 155-117, § 1, 02-13-2001)
